MOTOR POOL SCENE — Six members of Battery C, local National Guard unit, pause for The Herald camera early this week at North Fort Hood where the battery completes two weeks of summer camp this weekend. Last week the unit and 8,000 Texas Guardsmen slogged through heavy mud following rains in the Hood area.

Guardsmen Face Rains, Mud, Parade At Hood Summer Camp

By Lloyd Albertson

NORTH FORT HOOD—Guardsmen of Milam County's Battery C, 649th AAA Bn. were rapidly rounding out their second week of training at summer camp, according to reports at Battery headquarters at North Fort Hood.

Neither several heavy thunder showers nor the resulting deep mud have interfered with the Guardsmen's training schedule. It has gone full speed ahead since reveille Monday morning.

Battery C's convoy rolled out of Cameron for North Fort Hood promptly at 8:15 Sunday morning, June 2. Earlier that morning the officers and men had breakfast at the Magnolia House, coming down from the Armory in their trucks and jeeps.

The Guardsmen had hardly arrived at their North Fort Hood base camp before intermittent showers began falling.

Some optimist, probably hoping to keep morale up, started spreading the word at the mess hall that, according to the "old timers" in the area, it never rained at night in June.

Whereupon, for the next two days it came several hard rains—after dark.

Mud Hampers Vehicles

The showers did stop later in the week. But the mud remained a problem for the battery's drivers when the vehicles went out on RSOP - reconnaisance and siting of positions.

The treads of the big M-42 tanks and half-tracks threw mud sometimes 40 feet in the air as they wallowed and slithered through low places in the tank trails. Trucks and jeeps got stuck more than once and had to be pulled free.

What might have been a serious collision was averted by some quick thinking and action by two of Battery C's members.

Lt. Gordon Simmons, stationed near a sharp turn, noticed two tanks approaching each other around the blind corner and radioed a warning which was heard by Sfc. Louis Hollas, who jumped off a half-track and waved down one of the tanks and enabling the other to squeeze past on the narrow road.

The incident witnessed by a colonel who was acting as an observer on the RSOP, who commended Sgt. Hollas for his quick action.

Big Parade Follows

At weeks end the Guardsmen had finished with preparations for the highlight of the first week — the huge mounted review and parade on Saturday morning when the 49th Armored Division's 1,200 armored vehicles and 10,000 Guardsmen swung past the reviewing stand filled with high ranking Army and civilian dignitaries, including the Governor.

It was quite a spectacle as the tanks, trucks and jeeps, running two abreast, raced past for half an hour or more.

A number of the Guardsmen's wives, families and girl friends came up to their camp at North Fort Hood to witness the show and to return home with them over the weekend.

Two Countians On Mexican Tour

Johnny Solomon, Cameron, and Gail Barmore, Rockdale, Monday left Austin with 31 other teen-age representatives of the Central Texas Presbytery for a trip to Mexico.

The 11-day bus trip through Mexico will take the group to seven cities where they will tour 15 other centers of interest and church missions.

They will arrive in Mexico City this afternoon where they will spend the next four days sightseeing.

Mary Randolph Installs B&PW Club Officers

Miss Mary Randolph installed new officers at the B&PW club when they met in the Parish Hall of the Episcopal church last Tuesday evening.

Using the theme that the new officers would be as a chain, binding club members together, Miss Randolph had each new officer add a link to the chain as they were installed.

Mrs. Roberta Bowling, outgoing president, gave her link to Mrs. Ida Belle Lewis, incoming president, to start the chain. Adding to the chain were Miss Irene Williams, first vice president, Mrs. Florence Markham, second vice president, Miss Hazel Williams, recording secretary, Mrs. Ruby Swanzy, corresponding secretary, Mrs. Willie Faulkner, treasurer.

New officers were presented with corsages of carnations and gardenias.

Massengale Outlines Milam History Here

Leroy Massengale outlined a brief history of Milam County to members of the Cameron Kiwanis at the Magnolia House.

Following the regular luncheon-meeting, the board of directors of the Kiwanians met and voted to sponsor Troop No. 83 of the Boy Scouts of America Here.

City Sets Bid Date For Plant

Councilmen Hear Report From Rady On Water Plant

Preliminary work on plans for the Cameron water and sewage improvements has advanced to the stage where bids can now be accepted for the 2.0 MGD water filtration plant.

D. W. Robinson, representtive of the Joe J. Rady & Co., Fort Worth, told a full complement of Cameron councilmen in a special meeting Tuesday that plans and specifications for the plant are now complete.

The councilmen with Mayor Robert Weems announced bids will now be accepted for the water plant. Construction of the filtration plant will compose the greater part of the improvements at an estimated total cost of $300,000.

Completion of the improvements now in progress at Cameron will open the way for state-approved water in the city.

All improvements as provided under current city plans are exted to be completed about the end of the current year.

Plans and specifications may be examined without charge in the office of City Secretary Wayne B. Wieser and may be procured from Joe J. Rady & Co. upon a deposit of $25 as a guarantee of the safe return of the plans and specifications. Bid deadline is July 16.

Cameron Postoffice To Receive Complete Remodeling In Future

JP Woman Mixes Family, College

Who says you can't raise a family, then get a college education?

It's certain that Mrs. Mildred Hughen, Jones Prairie, never did.

Her freshman year at Temple Junior College proved highly successful for the Jones Prairie housewife. H. M. Dawson, dean-registrar at Temple, listed her among his honor students for the spring semester.

Now majoring in education and business, Mrs. Hughen still finds time to take care of the household and garner honor grades too.

She will be a sophomore next fall.

That's not bad for the mother of four and grandmother of four grandchildren.

Schools To Build New Ball Diamond

The Cameron city school system is calling for bidders on fencing equipment donated by the National Guard for funds to build a baseball diamond on the old Milam Liberal Institute property.

Bids to Supt. Wiley Loughmiller will be accepted until July 1 on the material.

The materials include two 10 by 5 metal gates, 25 rods of 60-inch fencing material, 190 rods of barbed wire and 70 eight-foot posts.

Loughmiller said the money derived from the sale of the material will be used by the schools to build a diamond and backstop on the block owned by the school system.

The lot is one block west of Anderle Lumber Co.

The new diamond-playground will add another field to the one school diamond now in operation at Yoe Field.

The summer recreation program, sponsored by the school, will use the new diamond in the summers during the city's extensive baseball program.

School Board Secretary E. Max Howard said the city will move some trees off the lot and level it with city grading equipment.

The school will complete the diamond and backstop with funds from sale of the fencing equipment, he added.

In other school board news the board will meet tonight to consider Loughmiller's reccomendations on filling teachers' vacancies and vote on requests for supplies.

Kids Go Swimming As Conditioners Stop

The Herald had air conditioner troubles Tuesday much to the delight of the youngsters in the neighborhood.

When the water started pouring off the roof onto the sidewalk instead of through the air conditioners some enterprising small fry shed their shirts and enjoyed a good ole swimming party on First Street.

Braden Case Set For Trial Monday In District Court

A Milam district jury will hear opening statements Monday in the case of the state vs. Charles Phillip Braden, 22, of Houston, who is charged with murder with malice in connection with the death of Johnnie Sanders, Jr., 26, of Fort Worth.

District Attorney Bob Nelson told The Herald today that Sanders had died of a gunshot wound outside the Starlite Club about 11:40 p.m. December 22.

He said Sanders' death followed an argument in the club. His brother, Claude Sanders, 20, Cameron, was seriously wounded that night.

Braden has been out on a $7,500 bond since being arraigned following the shooting. He was indicted by a district grand jury in January.

Johnnie Sanders died on the operating table from an abdomenal wound.

Both Braden and Johnnie Sanders were visiting relatives here the week-end of the shooting, Nelson said.

Officers Checking 2 Vandalism Cases In Cameron Area

District Attorney Bob Nelson today told The Herald that investigations are continuing on two recent acts of vandalism in Cameron.

He said that county officers are checking on vandalism in Ledbetter park and a break-in at the Cameron Saddle Club office here.

Gour break-ins by juveniles have been disposed of with one youth being sent to Gatesville and six others being placed in adult custody. All of the youths, 15-16 years of age, were from Cameron.

They were connected with break-ins in mid-May at Eslinger's Grocery, the E. A. Perrin home, Pearl Beer Warehouse and the Batte-flickman weighing office, all in Cameron.

PM Hays Calls For Local Bids On Major Job

Bids will be received from local contractors until June 25 on remodeling and functional installations in the Cameron Postoffice, according to John Hays, postmaster.

He told The Herald today that funds are available for renovation and remodeling of major components of the structure built in 1917.

Bids are open for plumbing, heating and electrical sub-contracts beside remodeling plans for new first-floor flooring and lobby improvements.

He said the job would be a complete remodeling though the general outside appearance of the building would not be altered.

Two Trees To Go

Plans call for removal of two trees outside the postoffice and emplacement of a flagpole on the ground. The present pole is atop the building, he said.

Hays pointed out that no major repairs have been completed on the structure since it was built 40 years ago.

The entire heating and plumbing system in the building will be replaced as well as the present lighting system.

Other major changes planned will include new marble for the postoffice vestibule and some new windows.

Hays said the Marlin Postoffice was recently renovated.

He declined to estimate the amount of money available for the Cameron building, but indicated the remodeling would be a major undertaking.

Collins Mentions Plans

Assistant Postmaster Albert Collins told Rotarians last week that the work would begin soon. He said that plumbing and heating facilities in the building had been faulty for a number of years.

Hays said that other plans call for a battleship linoleum in the first-floor working area of the structure and emplacing the name on the outside of the building.

He asked that bidders submit their estimates by June 25. Specifications, he said, are available at the postoffice.

Colts Drop Cats, 10-6 In League Scrap Here

The IOOF Colts Friday night evened PONY League standings at one-all as they felled the Rotary Cats 10-6.

The Colts backed up an eight-hitter tossed up by Pitcher Steve Malone with timely hitting for the win. Wayne Puckett's two-run double in the fourth and Sammy Morgan's two run bingle in the fifth supplied the edge.

Colt Chris Gay scored three times. He topped individual runs across the plate as his team garnered four hits and 10 runs.

Top relief pitching by Ronnie Williams kept Cat hopes alive while his teammates collected eight hits and six runs. He relieved starter Carroll Fikes and scored twice.

Cat Catcher Bobby Griswold picked off two runners with strong pegs. James Anderle and Charles Staley led Cat hitters with two-for-three performances during the evening.

Cats Win Over Rosebud, 2-0

In a pitching duel between Carrol Fikes of the Rotary Cats of Cameron and Bill Patillo of the newly organized Rosebud Pony Leaguers, the Cameron nine rallied in the seventh inning Tuesday night to win the game 2-0 on two hits.

Fikes set down 18 men on strike-outs out of a total of 21 men facing him and allowed no hits. He also accounted for one of the other three PO's on an assist when he threw a wild pitch that opened the way for a possible score by Bill Patillo.

Patillo Fans 15

Patillo fanned 15 of the Cameron batters and allowed only two hits, both of which the Cats get in the final inning. James Anderle the Cats' left fielder, singled into shallow left field, and Fikes collected a long double into left-center driving in a run by Douglas Parker, who had got on with a base on balls. Anderle scored seconds earlier after advancing to second on a wild pitch, stealing third and going home on an error against Ed Meier, Rosebud catcher.

Another PO by the Rotary Cats came when Griswold threw Ed Meier out on an attempted steal to third with Pat Dillon getting credit for the out.

Meier's infield grounder to Ronnie Williams at second was the other as his assist to Charles Staley rounded out the defense for the Cats.

Only On Error

Only error on the part of the Cameron nine was against Shortstop Robert Mann, whose throw to first pulled the first baseman off base to allow the runner to get on.

Other Cameron players seeing action were Marcelo Flores, Joe Harber and James Edwards. Other Rosebud players in the game were Louis Alva, Ray Dosocil, Mike Patillo, James Cunningham, Buddy Meier, Don Leach and Jim Borden.

No Letters Yet . . . .

The Herald several weeks ago asked for Letters to the Editor on topics of city and county interest.

Thus far, we have noted their conspicuous absence in the mails, condemning perhaps, both The Herald and its readers.

We have since been tantalized with the idea of running a Letters to the Editor heading with appropriate blank space until some interested citizen fill the void with the first letter.

It is certain that all Cameronites and Milam Countians are not unaware of their duty to share opinion and fact with their fellows on subjects of general interest. Of course it is one thing to discuss a subject off-hand out of the public eye and another to present it rationally in written form.

We do not invite off-beat, cantankerous, libelous statements of opinion. But we do seek concise, intelligent consideration of topics interesting to you and, in turn, to all of us.

THE LITTLE RIVER PHILOSOPHER

Sage Spars With Magazine Idea On 'Uneconomic' Farm Work

By J. A.

(The Little River Philosopher discusses inefficiency this week, a matter he may be an undisputed authority on.—Ed.)

Dear editar:

I read a copy of a magazine in a barber shop the other day, you may be wondering what I was doing in a barber shop but it's no odder than some people I know visiting a bank, which set out to solve the farm problem.

According to it, the trouble with the farm situation is there are too many "uneconomic" farmers, by which it means farmers trying to make a living on too little land, or land that's too sorry, or because the farmers don't have enough initiative to farm anyway and if they have they don't have enough efficiency.

Therefore, the magazine concluded, these "uneconomic" farmers ought to move to a city and get a job there, the efficient farmers could take over, and the farm problem would end.

Aside from the fact I know some pretty efficient farmers and ranchers who've been having a little trouble the past few years, if borrowing money is any sign, the thing about this proposal that interests me is the idea of solving a problem by moving to the city, where they've already got more problems than they can handle. The last time I was in a city it seemed to me there was already more folks on hand than the city could handle, and a lot of folks there were wishing they had more room. I understand also there are quite a few "uneconomic" people in town already, at last they just don't seem to be able to make ends meet.

The thing to do isto have the uneconomic people in the country move to town and the uneconomic people in town move to the country.

While this might not solve the farm problem or the crowded city problem, think how much it'd benefit the moving van business.

I'll tell you, if you're going to set up the rule that when a man can't quite make ends meet he ought to move some place else, you're going to to wind up with the biggest traffic jam in the history of the universe. Uneconomic farmers trying to move to town won't be able to get there for uneconomic town people trying to get to the country. A good portion of the population would have to live in trailer houses, so they'd be all set to move on every time the first of the month bills came in.

Nope, this big magazine will have to try again. It hasn't solved the farm problem yet, but ought to keep trying, and all I hope is that in the interest of entertainment nobody lets em in on the secret ther no solution to it.

Yours faihfully:
J. A.

A Tribute --

To Fathers!

There's an old saying that "mother knows best". Well, it seems to us that Father, bless him, should come in for some compliments too, once in a while. It is true, of course, that upon Mother's patient shoulders rests the upbringing of the children. And that is as it should be. But let's not forget that Pa is generally the family breadwinner and it is up to him to pay the bills. When day is done and he comes home, make things as cheery and loving as you can. Have a nice dinner ready. Lay out his slippers and his beloved pipe. Show him how much you love him by being kind and considerate. He may not tell you how he appreciates these attentions. But he will — as all good fathers do!

Capitol Report

Sentiment Going For, Against Fall Session

By Vern Sanford

AUSTIN—Though still four months off, Gov. Daniel's plan for a special legislative session in the fall is already generating lively discussion around the Capitol.

There is sentiment both for and against.

A "memorandum" was reportedly circulated asking persons to write the governor and ask him not to call the special session. I predicted the bills the governor wants would fare no better then than before. A long-time House member was believed to be the author of the memorandum.

But if the session is held, Rep. Tony Korioth of Sherman says he hopes the governor will submit small loan regulation as an emergency measure. Korioth's "loan shark" control bill died in committee last session.

NEW "STATES" FORMED

While Texas lawmakers take a break, some probable leaders of the future are trying their hands at government in Austin.

They are nearly 1,000 high school students from over Texas who came to the Capital City for Boys State and Girls State. Texas Department of the American Legion and the Legion Auxiliary sponsor the "states" annually as citizenship laboratories for outstanding youngsters.

Mid - County Cameron With FML

(Introducing a weekly tale of whimsey, look askance and miscellaney that falls the way of all editors but more particularly in FML's lap.—Ed.)

"Who needs it?"

The question fell on sensitive ears, those of The Herald's editor in fact. It was posed by a none-too-solitious reader who found fault more than favor in his weekly Herald.

"No one," I say, "except anyone who wants to find out what's gone on where and when in Cameron and around Milam County. That would be about 20,000 or so 'who needs it.' "

"Rather read the dailies with their comics, big sports pages and . . ."

"And tons of ads where news could be," I interject.

"You got ads," grins my friend.

"And more news than the average weekly reader will digest, came the rebuttle. "That news includes several thousand local names, almost 100 local news stories weekly departmentalizd for what should be easy consumption."

He twisted his Herald. I moved to the offensive.

"Know how long the average weekly lasts?" I slash.

"Who cares?"

"You care or you should. A weekly like The Herald outlasts the average daily lifetime by several days. You read the Herald, then your wife reads it, then it's passed on to the folks. Takes about four or five days."

"Then kerplunk in file 13?"

"Right! About four days after the same issue of the daily you read. You read today's news today. You read this week's news this week and then some."

"Never thought about it before", the needler says.

"Most people don't," I chime. "I've noticed one thing though. They read it, then knock the weekly. But they hardly ever get out of the habit of reading it. Say, friend, where're you going?"

"Nuts," he retorts, "and home to count those names. You better be right."

People get the most kick out of life who do the least kicking.

Truth has only to change hands a few times to become fiction.

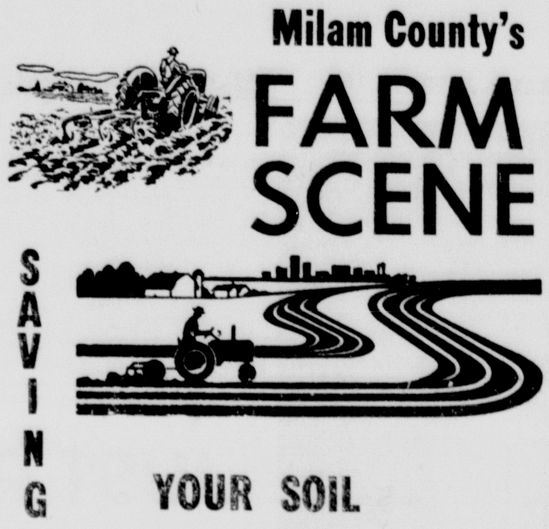
Milam County's FARM SCENE



The seven and one-half inches of rain that fell in the Eddy area in a short time washed fields and moved top soil into drains, road ditches and low areas.

Cultivated fields were heavily damaged through sheet and gullie erosion. Pastures were covered with top soil washed from sloping fields.

Charlie Dozell's farm was in the area of the heavy downpour. He rode over his farm on a horse after the rain. He considers himself a lucky man.

All the farm is in good shape. Land that was terraced and contoure farmed, planted to oats and Hubam clover was in excellent shape. He found clear water running out of the terraces from this land.

Dozell made the statement that he could put the soil in his eyes that he lost on these fields. He stated that no inter-terrace erosion occured on the fields planted to broadcast crops.

Land planted to corn and to be planted to cotton that was bare showed slight inter-terrace soil cultivation had reduced erosion to a minimum.

Throughout the area conservation treated land survived the floods with negative damge. Conervation treated land on the Smith and Callan farms did not show any signs of erosion.

MRS. J. J. PETREY

Candelight Ceremony Unites Carolyn Russell-J. J. Petrey

Before an altar banked by cathedral candelabra, palms and gladioli Miss Rita Carolyn Russell became the bride of Mr. J. J. Petrey at the First Baptist Church of Cameron, Sunday evening.

The bride is the daughter of Rev. and Mrs. Aubrey Russell. Mr. Petrey is the son of Mr. and Mrs. Howard Petrey of Hamilton.

The Rev. Aubrey F. Russell, father of the bride officiated at the double ring ceremony.

Nuptial music was furnished by Miss Mary Ann Adams of Georgetown, organist, and Mr. Max McClaren and Miss Billy Nell Johnson who sang "O Perfect Love" and "The Lord's Prayer." The organist played the traditional wedding march and during the ceremony "Tramueri" was heard in the background.

The bride, given in marriage by her grandfather, Mr. A. C. Brigance of Olton, wore a gown of nylon tulle and re-embroidered lace. The fitted bodice was formed of tucked nylon tulle having a V neckline with overlays of re-embroidered lace and seed pearl trim.

The very bouffant skirt of tulle, which featured an overskirt that was drapped at intervals and held in place by lace and seed pearls, fell into a chapel train. Her fingertip veil of imported French illusion was caught by a tierra of pearls and illusion. She carried a bouquet of Phalaenopsis orchids, stephanotis and a large white orchid atop a white Bible.

Mrs. Ron da Lovelady of Fort Worth was Matron-of-Honor. She wore a dress of blue chiffon over taffeta fashioned with a fitted bodice, scoop neckline and chiffon panels flowing down the waltz-length skirt. Bridesmaids, Miss Jane Russell, sister of the bride, and Miss Joy McCullough of Waco wore dresses identical to that of the Matron-of-Honor.

Mr. Clinton Petrey of Hamilton, brother of the groom, served as best man. Groomsmen were Mr. Don Sellers of Fort Collins, Colorado and Mr. Jim Jackson of Hamilton. Ushers were Mr. Billy Newsome and Mr. Cleatus Lovelady of Fort Worth and Sergeant Ray Todd of Port Arthur. Candles were lighted by Sergeant Ray Todd and Mr. Lovelady.

Immediately following the ceremony a reception was held at the home of the bride. Guests were served punch and wedding cake from a table, covered with a white cloth and centered with an arrangement of gardenias and estereed.

Mrs. Russell chose for her daughter's wedding a navy silk dress. She wore matching accessories and a white orchid corsage. The mother of the groom wore an orchid lace dress with matching accesories and a white orchid corsage.

For going away the bride wore a navy suit and matching accesories. She chose navy shoes and bag, white hat and gloves and wore the orchid from her bouquet.

Mrs. Petrey attended Georgetown High school and Yoe High school in Cameron. She received her BS degree from Howard Payne College in May. While in Howard Payne she was a member of Alpha Chi, Alpha Beta Sigma, Jacket Co-Eds, FTA and was chosen Sr. Class Favorite.

Mr. Petrey graduated from Hamilton High school. He is now attending Texas Christian University and is associated with the TCU Chamber of Commerce.

The couple plans to live in Fort Worth where he will continue studies in the University and Mrs. Petrey will teach in the Fort Worth Schools.

TRAVEL TIPS

June's here. Summer is in the air. Now's the time for fishing trips, honeymoons, week-end jaunts, and full-fledged vacations.

Summer also is the time when Long Distance service can come in extra handy.

Just a call or two to relatives or friends, to the hotel or fishing lodge, and all the details of your vacation are quickly worked out.

Traveling by car, you make the most of each day's driving condition by calling ahead for reservations.

Long Distance helps in arranging those spur-of-the-moment weekend jaunts, too. A couple of calls, a few hours notice, and you're on your way.

And when you do take off, cross-country or just for the week-end, let the "worriers" at home know you're okay - by Long Distance. Wherever you go you're never far from a phone.

WATCH OUT FOR KIDS

In the telephone business we pay a lot of attention to safety and safety training.

Every year at this time there's a special reminder for telephone drivers: "School's out. Watch out for the kids."

I repeat the reminder here because it's so important, and because it seems to apply equally to everyone who drives.

Telephone drivers are anxious to join with all of you in doing everything possible to make this an extra safe summer.

Maybe the best way to do that is to use a heavy

especially near playgrounds and in residential areas. You have our pledge to drive safely — this summer, and all year long.

LET DAD RELAX

For one reason or another, I always end up with the "telephone answering job" when I'm home evenings.

Happens all the time. Wife's tired. Kids are busy, or in bed. It's up to me to answer all calls.

If the man of your house is in the same fix, why not make it easy for him? See to it there's a telephone near his favorite evening relaxing spot. Then he can just reach — instead of run — when the phone rings

Father's Day is coming up, June 16.

Irene M. Fick Wayne Odell Exchange Vows

Miss Irene Marilyn Fick and Wayne Odell Haas exchanged wedding vows at 5 p.m. June 2 in the First Lutheran Church of Rosebud.

The Reverend Herbert A. Rast, pastor of Redeemer Lutheran Church, Ft. Worth, and a brother-in-law of the bride, performed the double-ring ceremony. Fernery and white gladiolas decorated the altar and formed the background for the service.

Given in marriage by her father, the bride wore a white gown of Chantilly lace and nylon tulle over net and taffeta. Tiny self-covered buttons fastened the bodice down the back and ornamented the long lace sleeves which tapered to points over the hands. The scalloped neckline was trimmed in tiny seed pearls and an overskirt of Chantilly lace fell gracefully over a skirt of nylon ne tover net and taffeta to form a chapel train.

Her veil of illusion, held in place by a coronet-type head piece of lace, gleamed with pearls and sequins. She carried a white prayer book topped with deep red sweetheart roses and white satin streamers.

Advisor Suggests New Baby Food

By Julia Hunter

Perhaps you have confined the use of strained or junior baby foods to the serving of babies. If you haven't a baby in the house, perhaps you haven't used these canned foods at all.

Too bad in either case, for these foods so carefully prepared and canned, make delicious dishes for adults. Keep a supply on your emergency shelf and you can quickly prepare dips, sandwich spreads, main dishes and desserts.

The convenient sizes are handy 4¾-ounce size measures ½ cup, 6½-ounce size measures ¾ cup and the 8-ounce size measures & cup. The 3½-ounch size of strained or junior meats measures 7 tablespoons.

Combine two 3½-ounce cans strained liver and bacon, one cup creamed cottage cheese, two tablespoons chili sauce, one teaspoon prepared mustard and one-eighth teaspoon garlic powder Beat until smooth and presto—you have a savory dip to serve with crackers, chips and raw vegetables. This makes about 1½ cups.

Make a tasty sandwich spread by combining and beating until creamy two 3½-ounce cans strained chicken, one 5-ounce jar relish cheese spread, one teaspoon grated onion, a few drops Tabasco and one teaspoon Worchestershire sauce. Chill thoroughly in gas refrigerator. Makes about one cup. (375 degrees F.) 12 to 15 minutes. Makes about four dozen.

RECIPE OF THE WEEK

ORANGE NUT BREAD: Combine three-fourths cup brown sugar, firmly packed, and one slightly beaten egg. Combine one cup strained sweet potatoes and one-fourth cup strained orange juice and add to the sugar mixture with one-fourth cup grated orange peel and one cup chopped walnuts. Blend well.

Stir in three cups biscuit mix. Beat vigorously 30 seconds. Turn into well-greased 9-inch loaf pan. Bake in moderate gas oven (350 degrees F.) one hour. Remove from oven, let cool in pan 5 to 10 minutes. Remove from pan.

Nobody ever gets anything for nothing, but a lot of people keep trying.

For her wedding the bride chose an afternoon length dress of light beige silk organza, worn over taffeta and trimmed in satin of the same shade. The full skirt fell from the waistline of a fitted bodice designed with three-quarter length sleeves and a V-cut neckline and light purple orchid corsage. Her only jewerly was a diamond pin.

She wore a close-fitting hat of lace-straw, with jewel clip, gloves and other accessories of light beige and carried a white Prayer Book.

Slugfest Marks Second LL Games At Yoe Field

Cameron Little Leaguers returned to their Yoe Field diamond Thursday night to bring fans plenty of hitting with 63 runs totaled in the two games.

It was a real slugfest for the Braves and White Sox as the Braves slashed two Sox pitchers for 23 hits and a 35-11 victory. Ten walks helped the Braves cause.

White Sox batters garnered nine hits off Braves Pitcher J. Cook who served up one homerun pitch to B. Litzman.

Cook swished three straight strikes past three hitters to set down the first batting trio in the first frame. Then he limied the Sox to scattered hits.

In the Indian-Yankees contest, the Indians came away with a 10-7 decision behind 14-strike-out pitching by J. Parker. The Indians clopped 12 hits for the three-run edge.

The Yankees ran into trouble with Parker's mound offerings and gathered only three hits, including a double by Catcher J. Heitmann in the first inning.

2 Cameron Teams Plan Rematch Here

White Sox, Indians Win Monday Over Yanks, Braves In LL Play

The White Sox and the Indians were Monday night winners in Little League play as the Sox nipped the Yankees 12-11 while the Indians won a 19-12 decision over the Braves.

In the White Sox-Yankee outing, the Yanks outhit their opponents 16 to 12, but could only push 11 scores across the plate.

Big blow of the game was a home run by R. Bradshaw of the Yankees who pushed over four runs with his round-tripper.

Pitcher E. McGoldrick of the Sox fanned 12 Yanks while Yank Twirler C. Evans set down five.

Two homeruns by Brave R. Moraw went for nought as the Indians bunched 23 hits for the 19-12 win. The Braves collected 12 hits for their 12 runs.

Brave Pitcher B. Jones sent nine Indians down via strikeouts while B. Demkye, pitching for the Indians, got 13 on his strikeout list.

Indian shortstop M. Mikula paced Indian hitters with four for five at bat, all singles. Moraw was the big gun for the Braves with two homers and a base on balls.

CARD OF APPRECIATION

I wish to express my deepest appreciation for the excellent care which I received while a patient in the Newton Memorial Hospital. Especially do I want to compliment Mrs. W. R. Newton on her fine staff of nurses.

I am very grateful to the doctors for the wonderful work they did. I am now at home and doing fine.
